If you have any concerns about a child, trust your instincts and contact the NSPCC Helpline. Our specialist team will listen, advise and take any action needed.

An estimated 1 in 20 children have experienced sexual abuse. And child sexual abuse is under-reported by adults. It's time for that to change.

It's never too soon to talk to us. And what you share could make a life-changing difference to a child.

You can contact the NSPCC Helpline by calling 0808 800 5000, emailing help@NSPCC.org.uk or completing our report abuse online form.

Due to an increase in demand across our service, our voice Helpline is currently available 11am–5pm Monday to Friday. You can still email help@NSPCC.org.uk or complete our report abuse online form at any time for free. You don't have to say who you are.

If you think a child is in immediate danger, please call the police on 999 straight away.
